PROFILE

3rd year CSE B.Tech student at Marian Engineering College with a strong pull toward marketing, branding, AI tools, events, and visual storytelling. Known for photography, campus media work, and leading ideas from messy first thoughts into real execution.

EDUCATION

B.Tech, Computer Science and Engineering

Marian Engineering College, 2023 - 2027

Higher Secondary Education

St. Joseph's HSS, Trivandrum, 2021 - 2023

SKILLS

Marketing

Branding

Event planning

Creative direction

Photography

Media coverage

Leadership

Community building

AI tools

Prompting

Web basics

GitHub

FOCUS

AI and technology

Exploring new AI tools, workflows, and practical ways to build with them.

Creative execution

Imagining out of the box, then staying disciplined enough to make it happen.

Photography

Event, people, media, and visual storytelling work across campus spaces.

EXPERIENCE AND LEADERSHIP

Marketing and Branding Officer

2023 - Present

Inspira Marian IEDC, Marian Engineering College

- Drive marketing, branding, and communication for the college innovation and entrepreneurship cell.
- Shape event campaigns, visual direction, promotions, and audience-facing content across campus.
- Coordinate with teams to turn ideas, deadlines, and moving parts into clear public-facing execution.

Media Team Member and Photographer

2023 - Present

Marian Engineering College

- Contribute to campus media work through event coverage, photography, visual documentation, and creative support.
- Recognized by peers for photography and for capturing people, moments, and event atmosphere with consistency.

Marketing Intern

2024

MuLearn Foundation, 3 months

- Supported marketing efforts, communication activities, and community-focused outreach during the internship.
- Worked around youth learning, community programs, and brand communication in a practical environment.

FOSS Club Lead

2025 - 2026

Marian Engineering College

- Ran the FOSS Club for a year, helping keep technical curiosity and open-source culture active among students.

Under25 Fellow

2025 - 2026

Under25

- Part of the Under25 fellowship, engaging with youth culture, creative communities, and event energy.

Association and Student Council Involvement

2023 - Present

Marian Engineering College

- Contribute to student initiatives, event execution, coordination, and campus-level leadership responsibilities.

SELECTED WORK

Personal Portfolio

2026

React, TypeScript, Vite, Vercel

- Built a dark, interactive portfolio for work, skills, story, contact, and resume access.
- Designed the site around a broader identity: marketing, AI curiosity, coding, events, photography, and leadership.

Campus Events and Creative Campaigns

Ongoing

IEDC, association, student council, media team

- Conducted and supported multiple events, with continued interest in building more ambitious campus experiences.
- Combine leadership, branding, media, and on-ground coordination to make events feel memorable and organized.

WORKING STYLE

Calm, creative, and execution-focused. More marketing-brained than purely technical, but comfortable learning tools, building projects, experimenting with AI, and leading teams through real-world constraints. Leads with imagination, follows through with discipline.

Portfolio, work archive, and contact details are available at tomson-j-finosh.vercel.app.
